

YOUR GATEWAY TO VANCOUVER ISLAND

Victoria International Airport is one of the busiest regional airports in Canada with over 1.5 million passengers per year. Southern Vancouver Island is well served with more than 60 daily departures and convenient non-stop or one-stop service to every major Canadian city and many U.S. destinations as well as services to Mexico. More than a transportation centre, the Victoria Airport is also source of pride for residents in the region and an economic catalyst and business generator for southern Vancouver Island as a whole.
